

Assessment of the Impacts of TDPs on Procurements

*Presented to
PD FCG VTC
18 Jul 00*

*Presented by:
Tom Schneider*

Origin of Tasking

- *AMC Board of Directors (BOD) meeting at RIA, 27-28 Jun 00*
- *Great interest in timely field deliveries*
- *Problems were discussed*
 - *Lack of timely response from sole-source contractors*
 - *Other TDP related problems*

Origin of Tasking (cont)

- *Generated SGS Tasker to AMCRDA to: “Assess current state of AMC technical data packages with respect to their availability and use for competitive procurement of parts”*
- *AMCRDA tasked AMSAA to conduct the assessment and have response ready by mid-Aug*

Approach

- *Developed datacall letter*
- *Pre-coordination with TACOM-RI and AMCOM*
- *Datacall in staffing at HQ AMC*
- *Advanced copy e-mailed to MSC POCs*
- *Expected to be officially distributed this week*
- *Responses due to AMSAA, 10 Aug 00*

Datacall

■ **Quantitative**

- *Sole Source Contracts*
 - *Pre-Award*
 - *Post-Award*
- *Competitive Contracts*
 - *Pre-Award*
 - *Post Award*

■ **Qualitative**

- *Sole Source Contracts - top 10 reasons*
- *Competitive Contracts - top 10 reasons*
- *Drivers*
- *Best Practices*

Summary

- *Will be difficult for MSCs to gather requested data*
- *Short suspense!*
- *Goal: Quantify whether or not a Tech Data problem exists*
- *May lead to a Phase II effort*
- *Your assistance is appreciated*
