

Product Data Management Functional Coordinating Group

CECOM

20 - 22 Jul 99

Meeting Purpose

The primary purpose of the meeting is to evaluate and prioritize the ADCS projects and develop strong program justification for supporting the 00 - 07 POM input. Other FCG business will consist of:

- Developing final comments to the Tech Data Laydown to LTG Link.
- Reaffirming or recommending changes to Army Policy on MIL-STD 2549.
- Identifying issues and criteria for Deposal of Technical Data
- Continue planning for CITIS CONOPS Workshop
- Beginning to define an Army Project for the replacement for JEDMICS
- Defining AMC's Technical Data Architecture
